

# Release Notes for the ALC2023B Manual

---

## Measure Information Forms

---

Section	Rationale	Description
ALC	Updated verbiage to clarify initial patient population.	<p><b>Change from:</b></p> <p>There are three populations that will be used to determine the initial population for the measure set: total residents, new residents and number of staff positions. The measures with their corresponding denominator population are listed in the table below.</p> <p><b>Change to:</b></p> <p>There are three populations that will be used to determine the initial population for the measure set: total residents, new residents and number of staff positions. For each month, the initial population is the same as the denominator population. The measures with their corresponding denominator population are listed in the table below.</p>
